

PAAVOLA SCHOOL OF DANCE

The Paavola School of Dance is the home studio for Young People's Ballet Theatre. Although most of our company members take regular classes here, YPBT is open to the public and dancers may take at the studio of their choice.

The Paavola School of dance offers dance and movement from the very young three year old through pre-professional and adult levels. Students will receive careful training as we attend to their physical, mental and artistic capabilities which will increase their self-discipline, poise and confidence. Classes are offered in Ballet Technique-Beginners through Advanced and Pre-Professional, Jazz and Adult Ballet.

Students from our school have excelled and many have gone on to dance with professional companies; many have received scholarships to prestigious summer programs such as: Blue Lake Fine Arts Camp, The Joffrey Ballet Summer Workshop, The Pittsburgh Ballet Summer Program, The ABT Summer Program, Interlochen, Pacific Northwest Ballet, North Carolina Dance Theater, Ballet Met, and the Chautauqua Institute of Fine Arts. Our students also have the opportunity to stay close to home and study during the summer in our own summer program with professional guest artists who are brought in to train dancers here. Information about our summer program will be posted on the YPBT web site in the spring.

Whether our students seek dance as a career or not, we hope that our caring atmosphere coupled with high standards in training inspires them to develop an understanding, appreciation and love for the art of dance that will remain with them forever.
